

## Vira San

### DESCRIPTION & BENEFITS

**Vira San** – is a Hospital Grade Disinfectant. The synergy between Hydrogen Peroxide and Benzalkonium Chloride is an effective way to mitigate the threats of germs, bacteria and viruses. Vira San is safe to use on almost all hard surfaces including but not limited to; glass, plastic and stainless steel. Easy to use, simply spray, wait and wipe. Complete sanitisation within 1 minute. Has been tested and approved according to a variety of disinfection methods – tested against germs, bacteria and viruses. Certification available upon request. Formulated and developed in line with guidelines published by the World Health Organisation (2020).

- ✓ Very effective in removing the threat of germs, bacteria and viruses
- ✓ Cleans and disinfects in 1 step
- ✓ Safe on most surfaces
- ✓ Kills 99.99% of germs and bacteria fast!
